## C. PENJELASAN

File ini untuk membuat halaman pada website yang akan dibuat. Karena menggunakan framework Bootstrap, link untuk Bootstrap dihubungkan melalui href dan src yang ada pada bagian head

### a. Navbar

- Navbar ini dibuat menggunakan Bootstrap (.navbar class), yang membuatnya otomatis responsif. navbar-brand digunakan untuk menandai logo atau nama website di navbar.
- d-flex align-items-center menggunakan Bootstrap Flexbox supaya gambar dan teks sejajar secara horizontal.
- Terdiri dari gambar kecil (<img>) di samping teks "**Makan Yuk!**", dibungkus dengan d-flex align-items-center biar sejajar.
- img dengan d-inline-block align-text-top → Menyesuaikan logo dengan teks agar sejajar.
- Ada tiga item: Home, About, dan Contact Me, yang menggunakan ms-auto supaya pindah ke kanan.
- collapse navbar-collapse Supaya menu tersembunyi di layar kecil dan muncul saat tombol toggle ditekan.

### b. Section Card

- Section card berisi Gambar (<img>), judul (<h5>), deskripsi (<p>), dan tombol (<a class="btn btn-primary">). Ditempatkan di dalam elemen <img> dan diberikan class card-img-top agar otomatis berada di bagian atas card. Bootstrap menyediakan class btn btn-primary agar tombol memiliki desain dengan warna utama biru.
- Class card-title dari Bootstrap diterapkan untuk memberikan tampilan standar dan ukuran yang sesuai dalam card.
- Bootstrap Grid System (row g-4) digunakan untuk mengatur tiga card per baris, dengan jarak antar card (g-4).
- Styling Gambar (object-fit: cover) digunakan agar gambar tetap proporsional dan estetik.

### c. Contact Form

- form-control bootstrap otomatis menyesuaikan tampilan input supaya lebih rapi.
- Form Input: Email (<input type="email">), Nama Depan & Belakang, serta Pesan (<textarea>). Digunakan untuk memasukkan alamat email pengguna. Dengan type="email", browser akan otomatis memvalidasi format email.
- Checkbox & Submit Button digunakan untuk checkbox untuk menyetujui terms & conditions, lalu tombol "Send" buat mengirim formulir. Menggunakan btn btn-primary dengan warna utama Bootstrap yaitu biru.
